McKAY NURSERY COMPANY

Madison, Wisconsin

(Nurseries at Waterloo, Wisconsin)

Owing to the extreme scarcity of fruit trees and small fruit plants caused by the unusually heavy demand early in the season, and, as we do not have our grading completed at the time this goes to press (due to the shortage of help), we are omitting our usual listing of this class of material. However, we do expect to find upon completion of our grading some unsold surplus in fruits.

SHADE AND ORNAMENTAL TREES

Our shade and ornamental trees are grown under the best conditions, transplanted, well pruned and cultivated, which insures vigorous, strong, healthy trees. Customers may personally select trees at an extra charge. Write for prices on sizes not listed below.
